EU OFFICE

INFORMATION

SERVICE

We are..

.. the central point of contact for all questions regarding funding opportunities of the European Union in the areas of research, education, structural funding and innovation.

We support you from the initial idea to the application and project implementation until the completion of the project. We also take care of legal aspects.

We know about the synergies between the EU programmes. Expand your international networks – we will support you!

We keep an eye on current developments in EU research policy to make you aware of EU funding opportunities for projects, mobility and career development at an early stage.

European funding programmes

 Research

 Education

 Structural funding

 Innovation

Advice

- Selection of funding portfolio
- Application
- Budget

Project management

- Contract preparation
- Support with the settlement of costs
- Audit
